POLIISO AIR OUTDOOR GL080

Codice: PAIR20GG080

POLIISO® AIR OUTDOOR GL080 is a sandwich panel consisting of yellow-colored, closed-cell rigid polyiso (polyurethane foam) foam expanded between two supports: that of the outer face made of 80-µm embossed aluminum and that of the inner face made of 80-µm smooth aluminum.

The panels have standard dimensions of 1200 x 4000 mm and are available in 30.5 mm thickness.
